President’s Message

June is upon us, with memories of warm summers and vacations; however, it feels different now with Shelter In Place and people protesting over the wearing of a mask. Across the nation there are protests, some peaceful, some violent, and some destructive over the murder of George Floyd, an African-American man murdered by law enforcement. As bad as the protest looks, I cannot help but feel they are protesting for me, for all of us, for the soul of our country.

Frustration and disappointment are at an all-time high, and it is my hope we all understand that, and not let fear guide our decisions. To help me with my fears and frustrations, I was reminded by Sen. Mike McGuire what Martin Luther King said more than half a century ago: “A riot is the language of the unheard.” At this time many of us are not being heard about climate change, unfair treatment of immigrants, children at the border, fair wages, and choice. It is a time when we need to speak out and turn our fears into action.

At the end of June I will be stepping down as President. I believe three years is enough and new energy is needed. We have accomplished a lot over these past years and I want to encourage people to get involved. NOW is a national organization with a voice and that voice needs to be supported.

We will be having our regular monthly meeting on June 17 via conference call. If you are interested in attending please call or email us for the details.

Special announcements – On June 15 from 11 a.m.–12 noon on 89.1 FM or streaming on www.kbbf.org, we’ll have an interview with attorney/activist Gloria Allred. We will be talking about the new film, AKA Jane Doe. What an eye-opener seeing the film was, and I look forward to hearing Allred’s opinion.

On Thursday, June 18 our chapter is planning a special membership meeting via Zoom from 7:00–8:00 p.m. If you are interested in attending email us at info@nowsonoma.org and we will send you the meeting ID and password.

Stay safe, wash your hands, wear a mask when you are out, and remember, this too shall pass.

WITH ALL THAT IS HAPPENING AROUND THE SHOOTING OF GEORGE FLOYD WE THOUGHT THIS PERSPECTIVE WOULD BE WORTH POSTING. OUR CONDOLENCES TO THE FLOYD FAMILY.

Something to think about: “This has been a challenging week to say the least for our nation. The death of George Floyd at the hands of Minneapolis Police Officers should have never happened. It’s disgusting; it’s heartbreaking and must be a call to action to once and for all end this generational stain on American society - racism. As the LA Times eloquently stated today: “Police violence does not justify the rampages that erupted in Minneapolis. But as the Rev. Martin Luther King Jr. pointed out more than a half-century ago, “a riot is the language of the unheard.” To focus on the damage and looting misses the point. Were it not for the killing of Floyd, and the history of police behavior, there would have been no protests.”

Let’s Celebrate Program

A result of the current health issues in the world is that we have delayed or canceled the celebrations planned for the 100th Anniversary of women winning the right to vote. It is our most fervent wish that the corona virus pandemic we are living through will have passed by August 26th, 2020, and we will celebrate as we had planned.

Meanwhile we will have our observance and celebration of this historic life and political event in a way that is highly visible, requires little or no expense and will make the Let’s Celebrate program available to all.

Our proposal is simple: The colors of the Suffragists movement are purple, gold, white and in the early years green. On the day, August 26th, 2020, a band of ribbons of all, some or even one of these colors wrapped around your mailbox, tacked to your front door or even a nearby tree will give notice that we are celebrating the 100 year anniversary.

Even if life has returned to normal and there are celebrations and parades a personal colorful statement of that momentous event will be publicly recognized by a highly visible decoration.

We ask for the assistance of all women’s organizations in passing this Let’s Celebrate Program on to your members utilizing your email, website and newsletter and National Head Quarters contact capability.

Christo Vladimirov Javacheff, who was known for his monumental environmental artworks with his late wife, Jeanne-Claude Denat de Guillebon, has died. He was 84 years old. Together, known simply as Christo and Jeanne-Claude, they wrapped iconic landmarks in fabric, such as the Pont Neuf in Paris in 1985 and the Reichstag in Berlin in 1995; and mounted thousands of orange gates in Central Park, redolent of Japan’s sacred torii gates, in 2005. The Running Fence Across Sonoma County, CA.

The artist who wrapped the Reichstag will take on the Arc de Triomphe next. Christo passed away Sunday 31 May at his home in New York, according to a statement made on the artist's official twitter account. He is survived by his son, Cyril Christo, a photographer, filmmaker and animal rights activist. Jeanne-Claude passed away following a brain aneurysm in 2009.
